

## Science Vocabulary Progression

### Materials

#### Reception

absorb • bumpy • dry • floating • frozen • ice • material • melting • reflection • sinking  
• smooth • symmetry • texture • waterproof • wet

#### Year One

flexible • gas • liquid • magnetic • materials • metal • opaque • plastic • rigid • shiny •  
stretch • transparent • waterproof • wood

#### Year Two

bend • metal • plastic • squash • stretch • twist • wood

### Animals

#### Year One

amphibians • birds • carnivore • fish • herbivore • insects • mammals • nocturnal •  
omnivore • reptiles • tame

#### Year Two

### Animals including humans

carbohydrates • diet • exercise • fats • healthy • hygiene • nutrition • off-spring •  
proteins • survival

herbivore carnivore omnivore

#### Year Two

### Living Things and their Habitat

desert • dinosaur • indigenous • microhabitats • ponds • rainforest • rivers • sea •  
species • woodland

## Plants

### Reception

branches • flower • fruit • leaves • petal • plant • roots • stem • tree • trunk • vegetable

### Year One

blossom • branches • buds • bulbs • deciduous • environment • evergreen • fruit • petals • trunk • vegetable • wild plants

### Year Two

blossom • bulb • crown • deciduous • evergreen • habitat • oxygen • roots • stem • trunk • woodland

## Seasonal Change

### Reception

autumn winter • spring • summer

### Year One

• autumn • winter • spring summer • temperature • thermometer • weather • weather symbol •
